

## \$198,220 IS DONATED FOR SURGICAL FUND

The total pledged in the Warner Hospital Surgical Floor Fund rose Monday to \$198,220 as additional subscriptions totalling \$4,344 were reported at a meeting of campaign leaders held in the press room of the Hotel Gettysburg.

It was the first report of results in which 471 volunteers have been enlisted to serve in the two week period of this phase of the campaign which was launched last Thursday. A total of 35 subscriptions was reported by team leaders. This is an average of \$125.54 per contributor, a figure which Attorney Richard A. Brown, campaign general chairman, characterized as "encouraging" despite the fact that only 18 of the 471 workers made reports.

Presiding at Monday's meeting were Mrs. John D. Teeter and Attorney S. M. Raffensperger, co-chairman of the public campaign, who urged their team workers to step up activity and keep at it diligently until the more than 4,000 prospective subscribers have been given an opportunity to take part in this most urgent appeal for \$350,000 to complete the surgical floor.

### TEAM HONORS

First place team honors went to Team 634, Gettysburg, captained by Sterling Musselman, who reported a subscription of \$2,000 which was voted by the Gettysburg Lions' Club at its meeting Monday night.

Among the Gettysburg divisions, Division 3 was first with 9 subscriptions for \$2,565. Orville Orner is commander of the division.

In the allied towns, Region IV, Littlestown, Samuel Higginbotham and Charles Ritter, co-chairmen, was first with 12 subscriptions for \$554. A close runner-up was Region III, New Oxford and Abbotstown, with \$500 in one contribution. James K. Stock is co-commander.

The next report meeting will be held Thursday evening at 7:30 o'clock in the hotel press room.

## JOHNS "ALONE" AT CONVENTION IN ALLENTOWN

The last separate clerk of courts in a seventh-class county will attend his last convention July 12 through 14 at Allentown.

When Kenneth W. Johns, clerk of the courts of Adams County, answers the roll at the convention of the state Prothonotaries and Clerks of Courts Association he will for the eighth time be the only clerk of courts to answer present when the list of clerks is called for seventh-class counties.

In all the other seventh-class counties, Bedford, Clarion, Clinton, Elk, Huntingdon, Mifflin, Monroe, Perry, Snyder, Susquehanna, Tioga, Union, Warren and Wayne, the prothonotary also serves as clerk of courts. Thus Johns found himself alone for eight years in his county classification when the group divided for separate sessions.

Next year, when Adams County's clerk of courts goes to the convention he will be representing a sixth-class county and then

He has accepted a position with Main and Company, certified public accountants in Philadelphia.

## Baby Is Given A Library Card; Has Read 60 Books

WEST NEW YORK, N.J. (AP) — Florence Jacobs is the proud owner of public library card No. 4536.

The card will enable her to pursue such favorite subjects as rocketry and the geography of outer space. It will bring her an endless supply of the long, tongue-twisting words that she likes to spell.

Florence is 2½ years old.

The brown-eyed, 39-pound bundle of answers applied for her card Monday, but it took a little doing to get it. Library regulations are that card holders must be at least seven years old.

But after a meeting with Florence, Mayor John J. Armellino made an exception to the rule.

**READ 60 BOOKS**

Her mother, Marie Jacobs, said Florence already has read some 60 books through the seventh-

## Field Band To Give Famous Drum Act

The famous "Drum Act" of the United States Army Field Band will be presented as part of the concert by the band Sunday evening, July 2, at 7:30 o'clock at the auditorium of Gettysburg High School.

The Field Band and Soldiers' Chorus will play during the annual memorial service held as part of the observance of the Battle Anniversary sponsored by the Gettysburg Fire Department.

In a letter to Col. William G. Weaver, general chairman for the program, Major Robert L. Bierly, commander of the Army Field Band, wrote: "In reply to your letter we usually feature the drum act in our programs. You can assure our fans that we won't let them down in Gettysburg."

An outstanding musical organization, the U.S. Army Field Band of which the Soldiers' Chorus is a part has appeared several times in Gettysburg.

## \$100,000 MORE IS BORROWED FOR NEW HOME

Adams County has borrowed an additional \$100,000 to pay for the new county home, it was learned today.

County Treasurer Clark Spence, in reply to questions, said the county has borrowed \$50,000 from the First National Bank of Gettysburg; \$25,000 from the Farmers' and Merchants' Bank of New Oxford and \$25,000 from the Biglerville National Bank. The amount is in addition to \$40,000 previously borrowed from the Gettysburg National Bank and brings to \$140,000 the amount the county has borrowed in order to pay for the home.

All of the loans were made at 4 per cent interest, Atty. Donald G. Oyler, solicitor for the county institution district, said.

### \$436,000 PROJECT

The \$436,000 represents part of the \$436,000 expended to construct the new 78-bed county home which replaces the former county home structures for the maintenance of the county's guests. The remaining \$296,000 needed for the home came partially from current income, and largely from savings over a period of years while the new home was under consideration. In addition, the county is receiving more than \$100,000 from the federal government toward the new home construction. A part of the federal sum has already been paid.

The plan for financing the new county home involved funds from anticipated sales of county farm land. Spokesmen said no more loans are expected to be necessary to pay for the new county home.

### MOVE RECRUITING OFFICE

T. Sgt. James H. Wyland Sr., USAF recruiter, announced today that he has moved the recruiting station from the post office to the lobby of the American Legion home. Wyland said he is accepting applications for regular enlistment, officer training school, aviation cadet training, nurses, medical specialists, dieticians and prior servicemen. He will be at the office from 1 p.m. to 3 p.m. every Tuesday.

### CONDITION SATISFACTORY

The condition Edward Stull, Buford Ave., who submitted to major surgery at the Warner Hospital Monday, was reported as satisfactory today.

### APPLY FOR LICENSE

Carl Leroy Wilt and Sandra Lea Bechtel, both of East Berlin R. 1, have applied for a marriage license in York.

### UNDER OBSERVATION

Miss Patricia Bushey, R. 3, was admitted to the York Hospital on Monday for observation.

## 5 ARE INJURED IN CAR CRASH; 6 ARE UNHURT

Five persons were injured in an automobile accident on Rt. 15 opposite Mount St. Mary's College, Emmitsburg, Monday afternoon about 5:15 o'clock. At least six others escaped injury as a 1961 Pontiac driven by Mrs. Robert Billingslea, Westminster, slammed into a station wagon driven by Michele McKenna, Chevy Chase, Md., opposite the college gate.

Treated at the Warner Hospital were Michael Billingslea, 12, with abrasions of the forehead and right knee; Mrs. Ethel Cooke, 65, Wilmington, Del., contusions and abrasions of the left shoulder and both legs; Rev. Raymond Cooke, Wilmington, who was admitted to the hospital with a fractured kneecap; Christopher Borst, 12, son of Mr. and Mrs. Edward Borst, Emmitsburg, laceration of the scalp; Marc McKenna, 10, Chevy Chase, multiple contusions of the left leg. All were removed to the hospital in the Emmitsburg VFW ambulance.

The McKenna station wagon, being driven north, stopped at the college gate to make a left turn into old Rt. 15. The car driven by Mrs. Billingslea and owned by her father, Rev. Cooke, ran into the rear of the station wagon. Rev. Cooke injured his knee when it hit the dashboard, while young Billingslea escaped serious accident when his head cracked the windshield.

There was extensive damage to both cars although the McKenna car was still operable.

Maryland State Trooper Richard Tracey conducted the investigation.

## WILL BUILD 4 PICNIC TABLES FOR REC AREAS

The board of directors of the Gettysburg Recreation Association authorized the construction of four new picnic tables at rec areas and a backstop for softball and baseball at the Eisenhower school playground at a meeting Monday evening in the rec office in the high school.

Director Lee Raffensperger, in his report, said that at the Kee-fauver area more than 60 children had to use one table for arts and craft on one occasion. The tables will be constructed at Kee-fauver and Eisenhower schools and two at the rec park.

The need for a backstop was evident when Raffensperger said two ball teams had been formed at the Eisenhower area and there was nothing to stop "fool" or "past" balls. The cost of the backstop will be shared equally between the school board and the recreation association.

Raffensperger reported that he had written Gettysburg College requesting the use of the old swimming pool. He said he has not as yet received a reply.

The board engaged Robert Furney as a tennis instructor, and instructors Miss Vonnice Trostle for the rec park tot lot; Fayne Culp for the Fourth St. tot lot and Mrs. Patricia Yoder for the college tot lot.

Raffensperger said that the tent which had been donated to the Stevens St. tot lot for use by the youngsters was being damaged by children sticking knives into it. If the condition of the tent be-

## Prime Minister Of Japan In U.S.

WASHINGTON (AP)—Japanese Prime Minister Hayato Ikeda received a ceremonial welcome to Washington today and almost immediately opened three days of important conferences with President Kennedy.

The pro-Western Japanese leader flew in from Los Angeles aboard the President's official plane. He was greeted at the airport by Vice President Lyndon B. Johnson and Secretary of State Dean Rusk, with full military honors.

Accompanied by Rusk, he led a motorcade along the Potomac River and through Pennsylvania Avenue to the government's guest house diagonally across the street from the White House.

Within minutes he crossed that street to begin the series of conferences.

## Eisenhowers To Attend Luncheon In White House

Former President Dwight D. Eisenhower and Mrs. Eisenhower will attend a White House luncheon Wednesday honoring Prime Minister Hayato Ikeda of Japan.

Mrs. Ikeda is accompanying the prime minister on his visit to the United States. They arrived in Los Angeles Monday and are due in Washington today.

For the Eisenhowers, it will be their first visit to the White House since President Kennedy was inaugurated in January.

Mrs. Eisenhower left for Washington today and will spend the night there. President Kennedy will send a helicopter to Gettysburg to fly General Eisenhower to the White House.

## LONG RANGE WATER, SOIL STUDY ENDS

The Adams County Agricultural Extension Association's committee on "Soil and Water Conservation" held its final meeting Monday at the West St. branch of the Gettysburg National Bank.

Eighteen months ago the extension association established five committees to take a "long range look at the county and its needs and report back the problem as you see it and recommendations for solutions." The committees were on "Soil and Water Conservation," "Taxation," "Youth," "Marketing," and "Agricultural Business and Management." All of the other committees completed their reports. The soil and water conservation group was the last to finish its work.

Wesley Kriebel, of the extension staff, told the soil and water group Monday night that in the 18 months there have been 49 meetings of the five committees in which 295 committee members took part and 45 outside experts were present to provide information for the units.

### TO COMPILE VOLUME

With the completion of the soil and water report, the findings of the five committees will be correlated by Kriebel and other members of the county agent's staff into one book listing all of the problems found by the committees and their recommendations.

The soil and water committee generally found more than one reason for its recommendations. As an example, in stressing the great need for vastly more work in combating soil erosion, the committee not only noted that it would help retain the soil needed for food but also cut down the cost of maintenance of roads often damaged by flood waters running off fields and piling up earth on the highways.

The committee banked heavily

### BAILED FOR COURT

Richard F. Cullison, 19, E. York St., Biglerville, was arrested by borough police Monday afternoon at the recreation field on an open lewdness charge. He later pleaded guilty before Justice of the Peace Robert P. Snyder and posted \$500 bond for Sept. 2 sentence court.

### FIND CAR KEYS

A set of Ford car keys were left in Faber's restaurant, Lincoln Square, according to borough police today. A license tag, N 93853, was attached to the keys.

## Eichmann Declares He Was Powerless To Prevent Nazi Extermination Of The Jews

JERUSALEM (AP) — Adolf Eichmann swore under oath today he never realized what the Nazi party intended to do to the Jews when he joined it in 1932.

By the time the extermination plot unfolded, Eichmann said, he was powerless to influence it.

The former Gestapo officer accused of a key role in the Nazi extermination of six million Jews during World War II took the stand in his own defense this morning after hearing 10 weeks of prosecution evidence against him.

Eichmann, now 55 and wearing horn-rimmed glasses, snapped to ramrod attention when presiding Judge Moshe Landau announced the start of the defense.

His mouth pinched for lack of teeth, his chin out and his shoulders squared back, Eichmann swore "to tell the truth, the whole truth and nothing but the truth."

## Player Suffers Contused Eye

Reginald Speir Jr., 331 N. Stratton St., a member of the Elks team in the Big Little League, was treated at the Warner Hospital Monday evening for contusions of the left eye suffered when he was struck by a ball.

Jeanne Cool, 13, daughter of Mr. and Mrs. James Cool, Rouzerville, received treatment at the hospital Monday for a deep laceration of the left leg suffered when a tongue broke on a hay wagon which she was riding.

## R. CHRONISTER HEADS LOCKER PROVISIONERS

Robert Chronister, Arctic Locker System, York, was elected president of the Pennsylvania Association of Locker and Freezer Provisioners as the group chose its officers at a breakfast meeting this morning in the Hotel Gettysburg.

Others elected were John Yanow, Family Locker Plant, Uniontown, vice president; Jacob Nolf, Nolf's Frozen Food Center, Nazareth, treasurer, and Dorothy Forney, Elizabethtown, secretary. Named directors were W. J. McKee, Harrisville; Sheldon Smilack, Pittsburgh; W. L. Strayer, Everett; Dean Evans, Millville; Mark Winger, Mechanicsburg; J. M. Leed, Lititz; John Rayner, Pennsburg; Kathryn Koehner, Philadelphia; John Wolf, Media, and John Yanow, Uniontown.

The group closed its three-day meeting here at the Hotel Gettysburg with an address by Jeff Coats, Akron, Pa., a specialist in sales training, who presented many new concepts of salesmanship.

### BEGAN ON SUNDAY

The meetings opened Sunday with sessions devoted to management and operation of locker and freezer provisioning establishments. A buffet supper followed.

Sunday's feature was a state-wide "Ham Show" to select the best hams cured by members of the group. Prof. Glenn Kean, of Penn State U., awarded prizes as follows: Class 1, first, Arctic Locker System, Red Lion; second, Arctic Locker System, York; third, Brookville Fast Freeze, Brookville.

Class 2, first Lewistown Frozen Food Lockers, Lewistown; second, Family Locker Plant, Uniontown.

### OLD-FASHIONED HAMS

Hams judged in the contest were cured by the "old-fashioned" method to retain full flavor and aroma of the home cured ham without the addition of moisture.

Monday was devoted to a panel on advertising with the meeting chaired by John Schwartz of the staff of the National Institute of Locker and Freezer Provisioners, Elizabethtown. All segments of the advertising fields were represented in 15-minute presentations

## KLEINFELTER GETS DEGREE

Stuart M. Kleinfelter, son of Mr. and Mrs. Myles S. Kleinfelter, E. Broadway, was awarded the degree of Master of Science in Engineering Management at the 60th commencement exercises of Northeastern University Sunday.

The exercises were held in Boston Garden, Boston, Mass., and were attended by Mr. and Mrs. Kleinfelter.

Kleinfelter is a graduate of Gettysburg High School with the class of 1949. He was graduated from Massachusetts Institute of Technology in 1953 and then joined the Sylvania Corporation as an engineer.

His service with this company was interrupted by two years service in the Army, in the grade of second and later first lieutenant, upon the completion of which he rejoined the Sylvania organization at Salem, Mass.

Kleinfelter is married to the former Miss Pauline Connors of Boston. The couple have one child, a daughter, Linda.

### YOUTHS GRADUATE

Carl H. Johnson Jr., son of Dr. and Mrs. C. Harold Johnson, 52 E. Broadway, and Edgar T. Markley, son of Mrs. Priscilla T. Markley, 39 E. Broadway, were graduated from Mount Hermon School, Mass., at the 75th commencement on June 11. Johnson was a member of the Glee Club and won letters in basketball and track. Markley won letters in basketball and tennis.

### PLAN MASONIC RITES

Masonic services will be held this evening at 8:30 o'clock at the Bender Funeral Home for Thomas J. Winebrenner, 87, who died Monday morning at his home, 449 Baltimore St., after a long illness. Mr. Winebrenner had been a member of the local Masonic Lodge for more than a half century.

### LIONS TO MEET

The Fairfield Lions Club will meet this evening in the Fairfield High School cafeteria at 7 o'clock for a dinner meeting. At 8 o'clock the cafeteria will be open to the public. Representatives of the United Telephone Company will explain the dial system soon to go into use there.

### FACES CODE CHARGE

Justice of the Peace Robert P. Snyder has sent a 10-day notice to Gerald Paff, Littlestown, on a red blinker light violation charge filed by borough police.

Hotel Gettysburg Beauty Salon will be closed Tuesday and Wednesday due to death in family. Will resume appointments schedule Thursday morning.

## Lott Is Re-elected Institute Secretary

William M. Lott, Gardners, was re-elected secretary of National Apple Institute, Washington, D. C., which represents the apple growers of America, it was announced today.

Larry Seaman, Clarklake, Mich., chairman of the Michigan State Apple Commission, was elected president. He succeeds E. M. Jones, Washington, Va. Other officers elected for one-year terms are: William H. Darrow Jr., Putney, Vt., re-elected vice president; Marion Johnson, Williamson, N. Y., treasurer.

Those elected members-at-large of the institute's executive committee are: Howard Baker, Ransomville, N. Y.; Jerome Schoof, Romeo, Mich., and Mr. Jones.

## MAY DIVIDE \$1,000 FROM HORSE SHOW

Gross income from the Gettysburg Horse Show sponsored by the Rotary and Riding Clubs totaled approximately \$1,700. Clifford B. Snowberger reported Monday evening at the meeting of Rotary at the YWCA.

He said he could not yet determine the expenses involved in the show but estimated that possibly \$1,000 in "profits" would be divided between the two organizations. The net sum realized from the show will be turned over to the charity funds of the two organizations.

Frank Britcher spoke on the "Early Days of Rotary" at the dinner session.

### REVIEWS ROTARY HISTORY

The first club, established in Chicago in 1905, was made up of a group of business executives who held their meetings, on a rotation basis, in the business places of the various members. The first charity work of the club was the purchase of a horse—for a country doctor near Chicago who needed one to make his rounds. The second club was formed in San Francisco in 1908. "There is no club listed as No. 3, Oakland, Los Angeles, Boston and New York all formed clubs in 1909 and Rotary International refuses to enter the squabble over which was the third."

"One of the first objects of the

## Castro Is Given Friday Deadline In Tractor Deal

By RON WILSON

DETROIT, Mich. (AP)—Cuba's Fidel Castro has until noon Friday to decide whether he'll accept 500 farm-type tractors as full ransom for 1,214 April invasion prisoners. Otherwise, any deal is off.

That was the Tractors-for-Freedom Committee's answer Monday night to the Cuban prime minister's revised demand for \$28-million worth of tractors, if he doesn't get the 500 heavy-duty types he says he had in mind originally.

In a take-it-or-leave-it cable, the committee told Castro it was prepared to ship only agricultural tractors and only 500 of them "for the two-fold humanitarian purpose" of freeing prisoners and helping Cubans win higher living standards.

### CASTRO PROPOSAL

Castro broached the tractors for prisoners deal in a television speech May 17. With White House approval, Dr. Milton Eisenhower,

## LIONS DONATE \$2,000; LEARN ABOUT JAYCEE PROJECT HERE

Gettysburg Lions Monday evening pledged \$2,000 to the Warner Hospital Surgical Wing building fund and heard a representative of the Gettysburg Jaycees explain "Campaign Gettysburg," project "to create our historic image."

The hospital gift, voted on recommendation of the club's finance committee, will be paid over a four-year period. Ralph E. Barley, finance chairman, presented the recommendation of his committee. The sum will be in addition to the club's annual gift of \$100 for the maintenance of a room. Funds for both sums come from the club's charity fund.

Thomas E. Piper, who is executive assistant to Don Becker, chairman of the Gettysburg Jaycees' "Campaign Gettysburg," told the Lions the Junior Chamber of Commerce is "very encouraged" by the early favorable response to the project and added: "There seems to be a lot of interest in it."

### DISPLAYS 3 SKETCHES

Mr. Piper described the role of the Jaycees. The Saturday Evening Post and Dr. Milton Osborne, professor of architecture at Pennsylvania State University, in the community improvement project in which "it is hoped to interest all civic organizations and civic minded citizens."

Piper displayed sketches of three downtown buildings which were passed around among the clubmen along with photos of the buildings as they appear now.

## ASK MAY 30TH OBSERVANCE

Delegates from Pennsylvania's Sons of Union Veterans of the Civil War have called upon the State Legislature to make Memorial Day a holiday that must be observed in all schools throughout the commonwealth.

At a business session Monday during the encampments of allied orders of the Grand Army of the Republic at Harrisburg, the SUV's resolutions committee pointed out that school children in Wyoming, South Dakota, Berks County, attended classes as usual this Memorial Day.

The reason for disregarding the usual holiday, it was noted, was the need to make up one of the school days lost because of impassable snowy roads. But the resolution, passed unanimously, would have Section 1520 of the Pennsylvania School Law amended to include Memorial Day as a mandatory holiday.

Copies of the resolution are to be sent all patriotic and veterans' organizations, requesting their support in the move.

Department Commander O. G. MacPherson, who presided at the business session, announced that National Commander-in-Chief Thomas A. Chadwick, Chester, Vt., will attend some sessions of the current encampment.

MacPherson, a resident of Gettysburg R. 1, is a 53-year member of the SUV, and a member of Capt. E. M. Ruhl Camp No. 33, York. He also is commanding officer of the Pennsylvania Brigade, Sons of Veterans Reserve, with the rank of lieutenant colonel.

Encampments of the other four orders of the GAR also were formally opened Monday and held business sessions.

Eleanor Roosevelt and Walter P. Reuther formed as co-chairmen the Tractors-for-Freedom Committee to raise money for 500 tractors.

Dr. Eisenhower is an educator and a brother of former President Dwight D. Eisenhower. Mrs. Roosevelt is the widow of former President Franklin D. Roosevelt. Reuther is president of the United Auto Workers Union.

Castro told a team of four American technicians the committee sent to negotiate last week that he had in mind heavy-duty bulldozer-type tractors when he mentioned 500 in his speech. He said Cuba wanted \$28 million for indemnification, in tractors or otherwise.

### CHANGES GROUND

The committee told him he had changed his original proposal and that his list of prisoners had fewer names than "the total 1,214 indicated by you in your original offer."

## Make Arrest In Hit-Run Accident

A driver and an elderly woman passenger were hurt Saturday night when a hit-run car smashed into their vehicle on Route 16 just east of Blue Ridge Summit.

Mrs. Lida George, 72, Fairfield R. 1, was taken to the Waynesboro Hospital by her grandson, David George, Fairfield. She suffered cuts and bruises of the right arm and left side of the chest.

Mrs. George was riding in a sedan operated by Earl F. Recard, 65, Fairfield R. 1. He was cut and bruised.

State police said the eastbound Recard vehicle was struck by a westbound car which failed to halt. Damage was estimated at \$100 to the Recard sedan.

Earl R. Pryor, Hagerstown, was arrested on Monday by state police as the driver of the hit-run car. Pryor posted \$1,000 bond before Justice of the Peace John S. Gillan, Chambersburg.

## Plan Beauty Contest And Amateur Show

The Midway Fire Co. is planning a beauty contest and an amateur show in connection with the annual convention of the Adams County Firemen's Association to be held at Midway Saturday, Aug. 12.

Paul Null, entertainment chairman, has announced the beauty contest will be held Friday, Aug. 11, in the company hall, with the winner gaining the title Miss Adams County Fire Police.

Any unmarried girl between 16 and 21 residing in Adams County will be eligible for the competition, Chairman Null said.

The talent show will be staged on the day of the convention.

Prospective contestants may obtain details from Chairman Null or at the company's engine house.

## LIONS DONATE

(Continued From Page 1)

The sketches showed the architect's suggestions for minor exterior changes in line with "creating the historical image in Gettysburg." The sketches displayed were for Coffman Jewellers Building on Baltimore St., and Bender's Gift Shop and The Pub in Lincoln Square.

Clubmen were impressed with the vast changes in appearance brought about by the addition of window mullions, shutters, removal of some present signs, wall lattices and the addition of trees and flower boxes.

## CITES OPPORTUNITY

All property owners in the first blocks of the four main streets and all business places in the second blocks will be supplied with free sketches by Prof. Osborn on suggested changes. Sketches for buildings in any other part of town will be supplied at the cost of the owner.

The free sketches are being paid for by The Saturday Evening Post, Piper said. "The Post is investing about \$10,000 in this project," he added.

"This project was not undertaken because Gettysburg is shabby or rundown," Piper said. "It seemed to us that Gettysburg as a community lacked a personality that would set it apart from any other town in the nation. This is an opportunity to develop for our community a personality that might be expected of a town with Gettysburg's background. It will give the appearance of progress here and will indicate we are trying to help ourselves."

## COMPLETION BY MAY

He said the Jaycees hope the completed project will lure tourists and shoppers here and will gain the town wide publicity.

Piper announced a dinner meeting for local committees Wednesday evening at the Hotel Gettysburg, another in August for local contractors and the general "kick-off" dinner in September—with completion tentatively set for next May.

Piper displayed a campaign organization chart and announced committee members assigned to various divisions of the undertaking. He also told of a similar project in Hollidaysburg, Pa.

## INSTALL JUNE 26

The speaker was introduced by Program Chairman Sterling Musselman who said the Lions are the first local group to hear details of "Campaign Gettysburg." President Richard A. Folkenroth presided at the meeting at the VFW home with 44 Lions in attendance. Lions were given an invitation to attend a district governor's day program July 9 at Beacon Lodge for the blind, near Mt. Union. President Folkenroth announced installation of officers for next week and distribution of certificates for year of service.

## Barn Roof Burns At Fantasyland

Damage totaled "several hundred dollars" Monday afternoon when Gettysburg firemen were called to a barn fire at Fantasyland.

Kenneth Dick, owner of the amusement park, said land was being cleared for the tent show production of "Young Abe Lincoln" to begin June 29, when a spark from a burning pile of brush ignited the roof of the barn.

Firemen arrived promptly and soon had the blaze under control after smoke had poured down over the large crowd visiting Fantasyland at the time.

Reports from the scene said many of the visitors to the park halted their sightseeing to watch the fire while others continued visiting the storybook park without permitting the fire to distract their attention.

## TELLS KIWANIS ABOUT SIOUX

Sioux Indians are making the change from their native civilization to that of the white man but "it is impossible to completely change a nation such as the Sioux in a matter of a few generations or even centuries," Rev. Fr. Harold Mowen told the Kiwanis Club at its meeting in the Lamp Post Tea Room Monday night.

The local Episcopal pastor, a member of the club, spoke of his experiences during a 10-year stay in North Dakota where he was in charge of seven missions, two of them for the Indians.

Describing the way of life of the Sioux before and after the arrival of the white man, Father Mowen said the white man "forced upon the Indian a way of life he could not immediately accept—the most difficult change being from a nomadic hunter's life to that of a farmer. The ruthless destruction of the buffalo by the white man came close to destroying the basis of Indian life. For this reason and because of the perfidy of governmental officials, the Indian came to hate the white man and mistrust him."

Tuberculosis and other grave health problems arose because of contact with whites and change in living conditions. But "as the problems of health and economics are being solved, the Indian is accepting Christianity."

Dr. George Wolfe presented a report on a state-wide meeting he attended at Wilkes-Barre. Vice President Roy Thomas presided.

## 7 TEACHERS ARE HIRED AT NEW OXFORD

Several faculty changes have been approved by the Lower Adams School Board at New Oxford.

Employment of these seven teachers has been authorized:

Ronald Stoner, high school English, salary, \$4,000; Richard Hawkins, social studies, \$3,800 with \$200 additional for coaching basketball; Carol Ann Null, science and mathematics, \$4,300; Paula Henry, French and Spanish, \$3,800; Mrs. Marvin Breighner, (four-sevenths of a day) \$2,500; Shirley I. Hankey, elementary, \$3,800; and Mrs. Dorothy Trosle, elementary, \$3,800.

Mrs. Susan Hudson and Mrs. Grace Herr have resigned from the high school faculty and Mrs. Jean C. Hoffman from the elementary schools.

Charles C. Taylor, supervising principal, told the board that he has not yet found the additional teacher needed to provide the industrial arts course for as many high school pupils who are interested.

Clyde O. Garber, Wayne Walker and J. Faber Wilasin were named as a committee to prepare specifications for resurfacing of driveways at the elementary school.

The board learned that the state is calling for a refund of part of the reimbursement paid for bus transportation. It was reported that the district has been transporting some children who live within one and one-half miles of school and that the school district is not entitled to reimbursement for this part of the transportation.

The various districts' shares to be refunded are: New Oxford, \$102; Abbottstown, \$70; Berwick Twp., \$216; Hamilton Twp., \$110; Mt. Pleasant Twp., \$72; Oxford Twp., \$120; and Tyrone Twp., \$36.

Henry Aaron of the Milwaukee Braves had 63 hits in his first 47 games. Twenty-seven of the safeties were for extra bases.

## MISS DERR AND

(Continued From Page 1)

altar vases were calla lilies. John Grissinger III served as acolyte. The order for marriage was preceded by a short organ program by Mrs. Eugene Asbury, who played "Abide With Us, Lord Jesus" by J. G. Walther, and "Lord, Keep Us Steadfast," by J. Pachelbel. Mrs. Asbury accompanied David Greenlund, soloist, who sang "O Love That Casts Out Fear," by J. S. Bach; "Come, Follow Me, the Savior Spoke," by Karg-Elert, and "Love Divine, All Love Excelling," set to the Welsh hymn tune Hyfrydol.

### VESPER OFFICE

The Vesper Office of the Lutheran Church preceded the vows. The choir of St. Peter's church sang the liturgy and led the congregation in the hymn "O Perfect Love" by Barnby. The organist played Bloch's "Wedding March, No. III" for the processional, and the "Trumpet Tune" of Henry Purcell was the recessional.

The bride, who was given in marriage by her brother, Charles Jerald Derr, wore for her wedding a gown of white peau de soie and pearl-embroidered Alencon lace, fashioned with a deep neckline, basque bodice and bracelet-length sleeves. The bouffant skirt widened into a chapel train. Her fingertip veil of silk illusion was arranged on a headpiece of white calla lilies. Her only jewelry was an heirloom pendant which had been worn by her mother on her wedding day.

The bride was attended by Mrs. Lewis Miller of Columbia, S. C., who was matron of honor, and by three bridesmaids, Miss Elizabeth Pennington, Gettysburg, and Mrs. David Greenlund, Bel Air, Md. The attendants were dressed alike in afternoon gowns of pale green peau de soie and organza, fashioned with empire waists and bouffant skirts. All had satin pumps to match their gowns and carried arm bouquets of pale pink shasta daisies. Miss Anne Grissinger, McSherrystown, was the flower girl. She wore a floor-length gown of white organza over lace, with a sash of pale green peau de soie, and carried

a basket of rose petals, which she strewed before the bride.

### OTHER ATTENDANTS

The groom had as his best man Eugene Meade, of Gettysburg. The ushers were Larry Rankin, Belle Vernon, Pa.; William Fitzkee, York; Frederick Foltz, New Haven, Conn., and Paul Jones, Gettysburg. The ring bearer was Robert Grissinger, Shepherds-town.

Mrs. Derr wore for her daughter's wedding an afternoon dress of sea green silk organza with matching accessories and a corsage of yellow cymbidium orchids.

Mrs. Wagnild chose a dress of gold silk shantung with pale green accessories, and she wore green cymbidium orchids.

### FAMILY SUPPER

After the service, the wedding party received on the church lawn. Later a supper was served to the wedding party and families at the bride's home.

Leaving for an extended wedding trip West, the bride wore a beige linen sheath with a multi-colored overblouse. With her going away outfit she had beige accessories, gold orchids, and a double strand of pearls, the gift of the groom.

Mrs. Wagnild graduated from Shepherds High School, attended Shepherds College, and was a 1960 graduate of Gettysburg College, where she was a Chi Omega. Until recently she was employed as a research chemist by the National Institute of Health, Bethesda, Md.

Wagnild attended Gettysburg High School and Gettysburg College, where he was a member of the college choir, Tau Kappa Epsilon, and Phi Beta Kappa. He will enter the University of Pennsylvania Medical School in September. The couple will live in Philadelphia after September 1.

The bridal party and families were entertained at dinner after the rehearsal on Saturday evening at the home of Mr. and Mrs. Max Derr, Shepherds-town.

About 200 friends and relatives Nazareth, West Chester and New York.

Mr. and Mrs. E. Donald Scott, 529 Baltimore St., attended an open house Saturday from 4 to 10 p.m. held at their home by the couple's three children, Philip, Bonnie and James, in honor of Mr. and Mrs. Scott's 25th wedding anniversary.

They were married on June 19, 1936, in the United Church of Christ here by Rev. Dr. Howard S. Fox, assisted by Rev. Frederick B. Crane, then pastor of the local Presbyterian Church.

Among the many gifts the couple received Saturday was a money tree presented from the employees of the various offices of the Adams County courthouse containing 100 dollar bills.

There were guests present from Carlisle, York, Harrisburg, Lancaster, Philadelphia, Hanover,

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
FIFTY YEARS AGO

**County Picnic Date July 26:**  
The annual Adams County picnic and the annual Harrisburg Home picnic of Adams County will be consolidated this year and held as one big affair at Hershey Park on Wednesday, July 26. The uniting of these two events, each large in itself, insures one of the greatest turnouts of county people in recent years.

This is the first time that Hershey Park has been selected as the place for the annual outing. It is situated between Harrisburg and Lebanon and is one of the most attractive resort places in this section of Pennsylvania. Mount Holly Park, Boiling Springs Park and Paxtang Park have been visited in other years but the novelty of going to Hershey is expected to draw more than any of the others. The committee in charge has arranged for a low rate which will be announced later.

**York Hopes For The Convention:**  
York hopes to get the big Church of the Brethren meeting in 1912 for which Gettysburg people are working. The Daily says: "York will probably be decided upon as the place for holding the 1912 national annual conference of the Church of the Brethren, which is frequently attended by crowds ranging in size from 20,000 to 40,000 persons." Gettysburg and Pen Mar will be the only serious competitors to York. If York is selected the conference will be held at the fairgrounds, where a tabernacle will be erected that will seat a congregation of 6,000 persons. This would be a temporary structure.

**New School Tax Laws:**  
The nonproperty holders for school purposes has always been a difficult proposition; and the great part of it has never been collected. The new school law enables tax collectors to collect this tax. If nonproperty owners refuse to pay on demand after due notice, the taxes can be collected from the employer, whether an individual, firm or corporation, and the amount thus collected can be deducted from the wages of the employees. Those who do not own property and do not work for an employer are the only ones who can escape payment.

After this year there will be no discount of five per cent allowed on school taxes; but five per cent penalty will be added after October 1st.

**Laying Numerous Cement Walks:**  
More concrete pavements are being laid in Gettysburg this summer than in any previous year and the sidewalks of the town will be in far more presentable shape by the close of July than ever before. Thousands of feet of cement pavements have been contracted for, a number of pavements having been laid already while many more are in prospect for which no contract has been given. The uniform concrete curb to be built on various streets under the direction of the town council is expected to give considerable impetus to the concrete pavement movement.

J. A. Tawney is having a long stretch of concrete laid at his property, corner West Middle and South Washington Streets. It will reach from the alley at the rear of his property to the home of Edgar Tawney adjoining on West Middle Street, and there are many other spots in town.

**Another Auto Run Arranged:**  
The Gettysburg Automobile Club will have another run on Thursday, June 28. It will include Frederick, Hagerstown and Chambersburg.

This action was taken at a meeting of the organization held on Tuesday evening and J. E. McComam and Clarence B. Redding were appointed a com-

## Today's Talk

**SELECT YOUR WAY**  
The trouble with a table d'hôte meal is that someone else makes your food selection for you—who, of course, knows nothing about what kind of a stomach you carry around with you.

But most people are perfectly willing that someone else shall select their food, their work in life, and then furnish them most of their thinking predigest.

He who, in his heart, desires success and happiness, however, has no such notion of building his way by bargain and barter.

Scattering your talents to the four winds can never avail you anything, no matter how gifted you may be.

One day I watched a middle-aged, steady tennis player beat a brilliant young player less than half his age. The older man had neither the speed nor the variety of game—but he selected every spot he played to and did it with such machine-like precision that he swept the younger man off his feet.

The very successful man attempts no more than he feels capable of handling, whereas the one who is always complaining about all the prizes going to the other fellow rushes forward hoping to win success at a single bound.

Life holds great riches sufficient for all. But each man and woman must select the things wanted and then concentrate on getting them.

No one else can tell you the right road to travel. You must decide that for yourself.

Then you must select these things along the way that you feel are going to make you strong and able to cope with the direst difficulties.

Tomorrow Mr. Adams will talk on the subject: "Show Your Off Side."

## Just Folks

**I HAVE LIVED, I HAVE LOVED**  
I have lived, I have loved,  
And what more could be said  
When I sleep with the dead?  
I have lived, I have loved,  
Let that sum up it all  
When life's few working tools  
From my numb fingers fall.

I have lived, I have loved,  
That's the phrase that I crave  
For the head of grave.  
I have lived, I have loved,  
Nothing more need be said  
When my work here is done  
And I sleep with the dead.

Men will then understand  
That I tried to be true  
To the best that I knew.  
Men will then understand  
That I suffered as they,  
Marched with faltering feet,  
And at times went astray.

Men will then understand  
What each plant and each tree  
And the sun meant to me.  
Men will then understand  
That I gloried in life,  
And in love found reward  
For each moment of strife.

SIXTH TEAM  
TO BE ADDED  
BY B-L LOOP

A sixth team will be added to the Big Little League for the 1962 season it was decided at a meeting of league officials Monday evening at the Elks home.

The Kiwanis Club has signified its interest in placing an entry next year and it was voted to give the club two weeks to decide if it will sponsor a new team.

Any new team entering the league will be permitted to secure two players from the present five teams, select four of the first five players coming up from the Little League, and will be allowed 10,000 points for the purchase of players.

Another decision reached at the meeting makes it necessary for each team to provide 10 complete uniforms for the 1962 season.

**PLAYOFF DATES SET**  
Arrangements were made for the 1961 league playoffs. The first and third teams will meet Wednesday, August 2, and the second and fourth place teams on Thursday, August 3, with the winners of those games clashing Friday, August 4, to decide the championship. In the event of postponed games remaining, a change may be made in the dates for the playoffs.

The annual all-star game, pitting the league players against managers, umpires and league officials, has been scheduled for Monday, August 7. Glenn L. Bream, league president, will manage the all-stars.

Enthusiastic reports were received at the meeting on the attendances at the games this season which have been the best in the league's history.

(Continued From Page 1)

on completion of the Adams County soil survey in the near future in urging better use of the available land.

**ASK NEW COMMITTEE**  
Use of the soil survey in determining location of housing developments as well as farm uses, according to the committee, could cut down problems of drainage, sewage and water supplies.

Dams and watershed development to keep the county's surface water in the county instead of dissipating in the form of floods, were recommended. The committee asked the county commissioners to study the problem with the possibility of setting aside some areas now as recreation areas to be paid for by charging for use of facilities, and thus retaining the land areas for eventual construction of dams by future generations when the water is needed.

Looking a half century into the future, the committee asked the county commissioners to consider setting up now a county-wide committee to study the question of what the county wants to become, whether it would wish to promote large scale industrialization and eventual development as a part of the great city that will fill most of the eastern seaboard area in the next century, or whether it should seek to remain predominantly rural. The committee noted that determination of goals would provide a more orderly and less expensive future for the county.

Chicago club was the promotion by the members of each other's businesses. The result was newspaper stories holding the group was a monopoly or cartel. The third object of the club—to promote the betterment of Chicago, soon led to a decline in the protests against the new organization as it became evident that it was working for the good of the community rather than for the selfish good of the members.

Noting that the original Rotary club was similar to the "Leather Apron Club" established by Benjamin Franklin in Philadelphia, Britcher asked: "Did Paul Harris in setting up the first Rotary Club model it on the club established by Cotton Mather on which Franklin modeled his organization?"

Will Draft 19  
Penna. Physicians

HARRISBURG (AP) — For the first time since February, 1957, the State Selective Service plans to induct physicians into military service.

State headquarters said here Monday that about 19 Pennsylvania physicians who are 25 years old—over 25 but not over 26—and who are not fathers, will be called into the Air Force or Navy for about two years.

The announcement said this is the state's share and about 10 per cent of the nationwide call for 183 doctors for the armed services.

Warn Motorists:  
Keep Plates Clean

HARRISBURG (AP) — Pennsylvania motorists are being warned to keep their license plates clean. State Police Commissioner Frank G. McCartney said Monday officers are on the lookout for "unreasonably dirty" license plates, which he said can bring a \$50 fine under the Motor Vehicle Code.

McCartney said the code also provides a fine of \$10 for obscured plates.

## Eastern League

They say around the Eastern League that Charlie Dees, the Springfield Giants' first baseman, isn't as effective a hitter against left-handed pitching.

But don't tell that to manager Ray Mueller or southpaw Pete Olsen of the Reading Indians. They just might slug you with a tomahawk.

After going hitless in three trips to the plate Monday night against Olsen, Dees came to bat in the 11th inning and singled to drive in a run which gave the Giants a 4-3 victory over the Indians.

The victory increased the Giants' lead to 2½ games over Binghamton which dropped a 5-2 contest to Williamsport. Lancaster defeated Johnstown 5-2.

## JOHNSTON IN CELLAR

Dees' single scored Koko Laboy who had opened the inning with a single, moved to second on an error and then to third on Sid Harvey's infield hit. Gerry Thomas went the route for Springfield to gain his ninth victory against three losses. Olsen (2-2) also went the distance.

Marcelino Lopez (4-3) had a two-hitter going against Binghamton but ran into trouble in the ninth when the Trips scored one run and were threatening. Ed Luneford came on to put out the fire and preserve the victory. The Grays scored all the runs they needed in the first inning when they put together four hits for three runs off Larry DelMargo (3-7).

Four unearned runs in the ninth gave Lancaster its win over Johnstown. Guido Grillo (0-5) was the loser despite giving up only five hits. Johnstown collected 11 hits off three Lancaster pitchers. Bob Funge (4-4), second of three Red Sox pitchers, was the winner.

HONEYMOON IS  
OVER FOR JFK  
ON ALL FRONTS

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — It was getting too quiet around here, anyway.

For his first five months in office President Kennedy had the usual quiet honeymoon period to catch his breath and get used to his job except for some interruptions like these:

The Cuban invasion disaster, the decision to examine the Central Intelligence Agency, the gradual loss of Laos, the call for an armistice in Laos which never really came, the nuclear test talks which got nowhere, the day-by-day struggle in Congress to get his program through, the steady stream of visitors like British Prime Minister Macmillan, the stunning army takeover in Korea, the visit to Canada, the visit to Europe to see Macmillan, President de Gaulle of France and Premier Khrushchev of Russia, his TV report to the nation on his journey, his news conferences, and now the beginning of his hard-nosed dealings with Khrushchev.

## HONEYMOON IS OVER

But the honeymoon is over and before the end of 1961 Kennedy probably will look back on his first five months as the good old days.

Over the weekend the Republicans, who've been potshotting him for months on domestic matters, began aiming at his conduct of foreign affairs.

And Khrushchev, extraordinarily restrained through most of Kennedy's brief presidency, has now as much as told him: "These next six months are going to be busy."

## BERLIN CRISIS

Khrushchev was talking about Berlin.

Kennedy's administration fired a shot at Khrushchev, telling him that if he doesn't get with it in the talks in Geneva to agree on banning nuclear tests, the United States will have to start testing.

Today American and Soviet representatives were supposed to get together to lay plans for talks on disarmament.

## CHEATING QUESTIONS

But since the Americans and Russians can't even agree on how each can be sure the other won't cheat—if they agree to stop nuclear testing—it's a cinch they won't agree on disarmament.

That needs checking, too.

Thus Kennedy's next six months in the White House—besides his continuing struggle with Congress—will be a propaganda carnival on both sides, each blaming the other for the sake of world opinion, for not agreeing on practically anything.

If the United States goes ahead with nuclear tests, it will first have to try to convince the world it was all brought about by Russian obstinacy. The Russians will be busy doing the same on their side.

**LENGTHY QUIET**  
None of it may be very enlightening, and all of it will get tiresome, and the only astonishment will be in the realization, looking back, that both sides were comparatively quiet so long.

But the Berlin business probably will be tough, ugly and tense. Khrushchev, who began talking back in 1958 about getting allied troops out of West Berlin, can't afford to keep on talking without doing.

He's set a deadline of six months for the doing. If the West doesn't budge and the Russians get tough, anything could happen.

## MRS. NETSKY IS MEDALIST IN GOLF PLAY

Ann Rutherford, former Gettysburg High School teacher, now of Lebanon, was among the qualifiers for the Pennsylvania State Women's Golf Championship Monday when she carded an 82. She won amateur honors Sunday in the Women's Eastern Open tournament at Dillsburg on the second hole of a sudden death playoff.

PHILADELPHIA (AP) — Mrs. William Netsky of Green Valley, who attended Penn State University, has outshot the stars in the qualifying round of the Pennsylvania State Women's Golf Championship.

Mrs. Netsky won the medal prize at Huntingdon Valley Country Club Monday with her best game ever, a one-over par 37-37-74.

Runnerup was Mrs. John B. Kane of Whitmarsh Valley with a 36-39-75. Next came Mrs. Helen Sigel Wilson, Philadelphia Country Club, 38-38-76, and Betty Fehl, Berkshire, 35-41-76.

**32 QUALIFIERS**  
In all there were 37 finishers, with 32 qualifying for today's first round of match play.

Mrs. John G. Capers Jr., of Merion, the defending champion, qualified automatically, but shot a 76 in a tune-up round.

A sudden-death playoff occurred for the 32nd place in the first flight among Eileen Cleary, Pittsburgh, Mrs. Robin Fineman, Radnor Valley, and Janice Sieber, Schuylkill Valley. All had deadlocked at 89. Miss Cleary won the berth by chipping in on the third hole for a par three.

## Emmitsburg Little League

Manager Tip Harbaugh's Red Sox opened defense of their Emmitsburg Little League title Monday evening with a 13-7 win over the Giants. Pitcher Kerry Hewitt helped his own cause with a three-run homer, but the Sox kept the pressure on without extra base hits.

Batteries: Giants, Hewitt, G. Manning and G. Manning and Byard; Red Sox, R. Baker and G. Baker.

## Gettysburg Little League

The Lions continued their assault on the first division by moving into third place of the Gettysburg Little League Monday evening as they downed the tough Gettysburg National Bank team 7-2 behind the four-hit pitching of Mike Baker.

The Bankmen moved ahead 1-0 in the top of the first when Ken Weikert lined a double down the left field line, stole third and scored on a fielder's choice. The Lions added two runs in their half of the first. George Weikert singled to left, Jim Ritchie sacrificed, Terry Helwig walked and Mike Baker lashed a double to deep right driving in both runners.

Baker went the distance on the mound striking out six and allowing two walks. Terry Hoffman started for the losers but needed help from Walter Toddes in the fourth.

## Big Little Baseball League

The Elks zoomed from a tie for last place into third place by defeating the Exchange Club 12-7 Monday evening.

After the Exchange tallied four runs in the top of the second inning for a 6-2 lead the Elks scored five in their half of the inning after one was out. Mickey walked and McDermitt, Fissel and Collins hit safely for two runs. Sease walked and three more straight hits by Hefflin, Fair and Teeter added three more runs. The Elks then tabbed five additional runs in the sixth.

The Exchange outfit came up with its final run in the last inning. Nelson reached base on an error and after the next two batters were retired, Spahr singled to right moving Nelson to third. Shoemaker blasted a double to right scoring Nelson but Spahr was cut down at the plate when he attempted to score.

On Wednesday Phillips 66 meets the Exchange Club.

## Gettysburg Big League

The Varsity Diner, held to only one hit in the first four innings by Gary Fair, Roofers' moundman, came up with eight runs in the top of the fifth inning to down the Coldsmith Roofers 10-8 Monday evening. Darkness halted the game after five frames.

Both teams had their big innings. Coldsmith scored five runs in the third on a hit batsman, three walks and three singles. The Varsity outfit had eight runners come across the plate in the fourth on four singles, a double, triple and two walks. A total of 12 errors marred the game, seven by the Roofers and five by the Varsity.

Randy Snyder pitched the whole way for the winners, giving up five hits. Fair was relieved by Townsend, the loser, in the final frame. Snyder led the winners with a triple and single.

Tonight the Coldsmith outfit will seek its initial victory when it tangles with the VFW.

## ORIOLES SEEK OUTFIELDER

CHICAGO (AP) — Manager Paul Richards and the Baltimore Orioles are playing the waiting game so far as the American League pennant race is concerned.

Richards, who stopped off in Chicago to take in the White Sox Cleveland game eventually postponed Monday night, said all his club needs is a hard hitting outfielder to crash into serious contention.

Asked why he didn't trade for one, Richards said: "Simple, I didn't want to give up Chuck Estrada, Steve Barber or Milt Pappas. Everyone we wanted to deal with wanted one of those young pitchers and I decided I wasn't going to disrupt either my infield or the nucleus of a fine, young pitching staff for an aging outfielder."

**WON'T CONCEDE**  
The Orioles are languishing in fifth place, 8½ games off the pace but Richards isn't conceding a thing to anyone despite his lack of outfield power.

"The contract was for 162 games," he said, "and we've only played about a third of the season. Actually, nobody quakes when Cleveland or Detroit take the field. And some of that pitch-

## TWO 9TH INNING HRS HELP A'S BEAT YANKEES

By ED WILKS

Associated Press Sports Writer  
Kansas City made Hank Bauer's debut as manager a success with a 4-3 victory over the New York Yankees Monday night, coming from behind on consecutive ninth-inning home runs by Norm Siebern and pinchhitter Wes Covington.

The only other game scheduled in the American League, Cleveland at Chicago, was rained out. That left runner-up Cleveland a half-game behind Detroit as the third place Yankees dropped 1½ games behind the Tigers.

Bauer, 38, taking over after Joe Gordon was fired in a surprise move by A's owner Charles Finley, was backed by a couple of ex-Yankees and picked the right man at the right time for Kansas City's third victory in nine games with New York.

**SIEBERN HITS WELL**  
Siebern, like Bauer a one-time Yankee outfielder, collected half of the A's six hits. He drove in their first run with a fourth-inning single, then singled and scored their second run in the seventh on a triple by ex-Yankee Deron Johnson before finally chasing starter Roland Sheldon with his ninth home run in the ninth.

The homer squared it 3-all, and Yankee Manager Ralph Houk brought in relief ace Luis Arroyo, a left-hander. Bauer met the challenge by picking Covington, a left-handed hitter, and Wes walloped his fifth homer. It was little Luis third defeat, second by the A's.

Jim Archer, a stubby southpaw, won his third in a row with a seven-hitter. He gave up a pair of solo homers, Bill Skowron's 14th in the fourth, and Roger Maris' 25th in the ninth, while beating New York a second time. Archer, now 5-1, is the only lefty to pitch a complete game against the Yankees this season, and he has done it twice.

## CAGE SCANDAL BROADENS INTO OLD IVY LOOP

NEW YORK (AP)—Police have been asked to broadcast a nationwide alarm for the arrest of Philip Lacort of Boston and Joseph Green of New York as the result of new disclosures in the still spreading college basketball scandal.

Indictment of Lacort, 35, and Green, 31, on charges of bribery and conspiracy was announced Monday by District Attorney Frank Hogan, who is conducting the main part of the investigation that now has spread to envelop 36 players from 21 colleges. Games on which point-spread fixes were achieved or attempted now number 44.

**HIT IVY LEAGUE**  
In the 1951 scandal, 33 players from seven colleges involving 86 games were cited.

For the first time, the new investigation touched the Ivy League with Hogan's disclosure that Fred Portnoy, sophomore star of last season's Columbia University team was involved.

Hogan, a graduate of Columbia, a trustee of the university and a former president of its alumni group, said the 19-year-old New Yorker agreed to shave points in four games last season for \$1,000 a game. According to Hogan, Portnoy actually received \$1,140.

**WAS DISMISSED**  
Portnoy Monday night was dismissed by Columbia after the university confronted him with information furnished by Hogan's office.

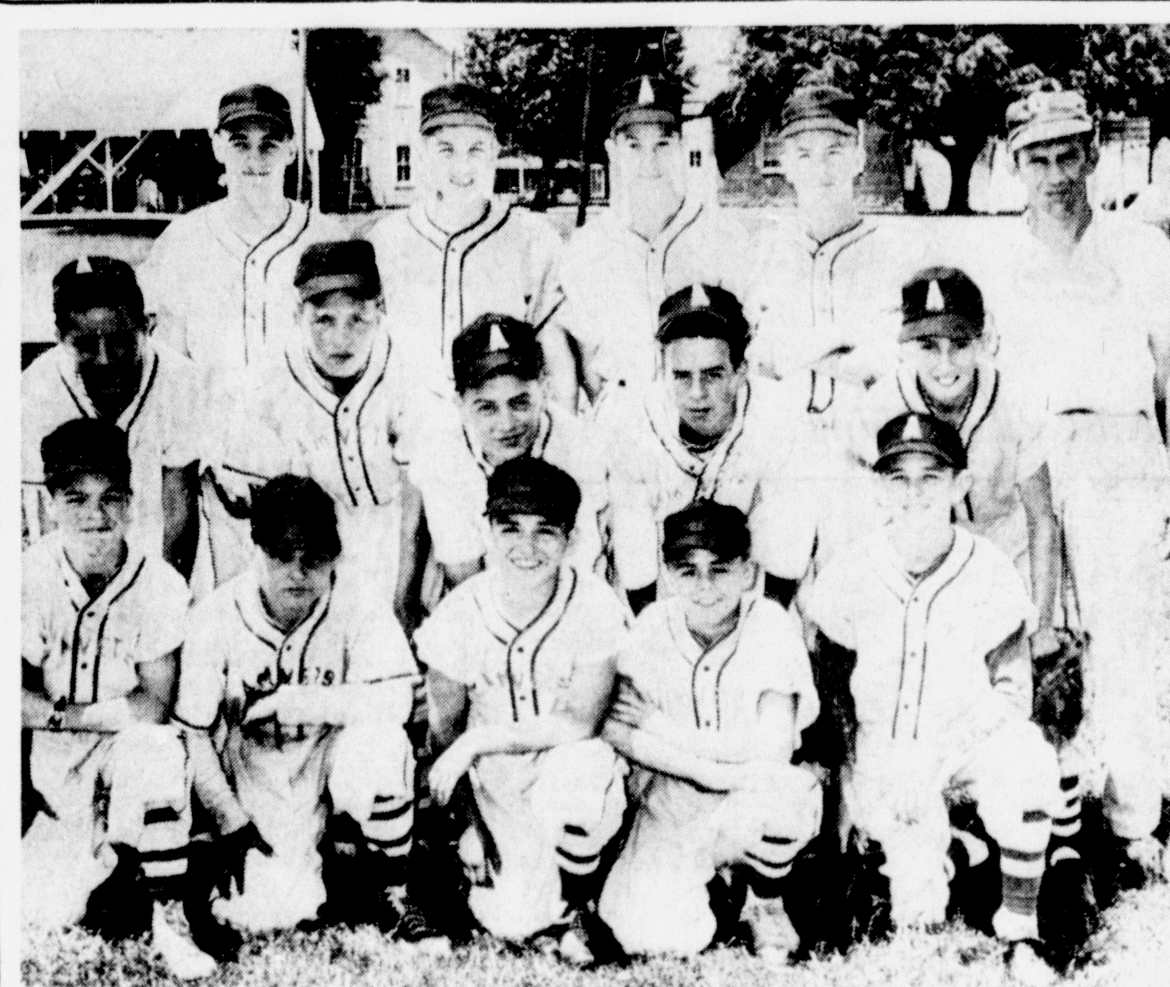

His name came up in the indictments of Lacort, described by Hogan as well known in New England gambling circles who operated on the "syndicate level," and Green, an associate of gamblers Aaron Wagman and Joseph Hacken—the first two men arrested when the new scandal broke on St. Patrick's Day. Green had been named previously in the New York investigation as a co-conspirator and also in the probe being conducted by North Carolina authorities.

## Fairfield Little League

The Giants belted out 23 hits including nine extra base blows as they walloped the Cardinals 37-7 Monday evening in Fairfield Little League action.

The Giants tallied 14 times in the first frame and added 12 more in the top of the second. During the big second inning R. Swisher blasted a grand slam home run.

The Cardinals used four pitchers who gave up a total of 15 walks and struck out seven.

## BUGS, PHILS OPEN 6-GAME SERIES TODAY

PHILADELPHIA (AP) — The Pittsburgh Pirates and the Philadelphia Phillies open a six-game series tonight. The first three games will be played here in Connie Mack Stadium, then the clubs will move to Forbes Field in Pittsburgh for a weekend series.

In tonight's opener the Pirates will send Vern Law (3-4), who has been bothered by arm trouble this year, against the Phillies' Art Mahaffey (6-6).

Nahaffey, who has dropped his last three games, vows: "I'll snap out of it."

The Pirates, due to the slumps of ace right-handed pitchers Law and Boo Friend, are off their form of last year when they won the National League pennant and World Series. Right now, they're in sixth place in the National League, six games behind the front-running Cincinnati Reds. The Phillies, in a five-game losing streak, are in last place.

**HOAK, CLEMENTE PLAY**  
Pirate club officials report that third baseman Don Hoak, the NL's leading hitter with a .342 average, and outfielder Roberto Clemente, fourth leading hitter with a .329 average, will be able to play tonight.

Clemente had complained of abdominal pains, but officials reported that X-rays showed nothing organically wrong. Hoak was struck by a batted ball during a game with St. Louis Sunday and one of his eyeballs was scratched. An examination showed nothing serious.

Hoak and Clemente sat out Monday night's exhibition game at Washington against the Senators which the Pirates won 3-2.

Tommy Sisk, a 19-year-old pitcher who was signed to a bonus contract last winter, got the victory with an eight-hitter, Sisk was with Asheville of the Sally League. Dick Stuart was the batting star for the Pirates, with a three-run homer.

# Riding with Russell

by FREDERICK C. RUSSELL

Motoring is largely a process of getting used to the things we had not expected.

Just as varying one's diet often will correct digestive troubles, so will varying car speed often help to clear up car ailments.

A slight reduction in speed on a hot day may be enough to hold motor temperature below the fever point or to lessen the chances of vapor lock. If the radiator is slightly clogged, this speed reduction will help lessen the chance of coolant being lost out the overflow. Many an odd vibration can be checked by increasing or decreasing speed.

While you can't change car speed too easily when in traffic you often can change engine speed by selecting another gear. This is most helpful if a valve is sticking because in a lower gear the drive-line will not be shocked by roughness in the engine. Sometimes drivers will hurry up on the theory that trouble is brewing and they had better get to their destination as quickly as possible. This is may simply aggravate the trouble, as one motorist whose engine had a weak breaker arm spring discovered. Everything would have run normally if he had just cut speed five miles an hour.

**POINTERS ON OIL**

While it is not recommended that you mix different brands of oil in the engine this does not mean that you cannot switch from one brand to another. It is not recommended that you mix different types of the same brand oil. Approved, however, is the plan of mixing different viscosity SAE numbers of the one oil brand, such as combining SAE 10 with SAE 20W.

A good rule to follow when changing oil based on a drop in viscosity is to drain and refill the crankcase if there is a change of one viscosity number such as SAE 30 lowering to SAE 20.

**BACK TO TALKING ROADS**

Every now and again the idea of a "talking road" becomes news. In this arrangement the driver is warned of need for special caution, not by signs but by the road's surface. I recall one such experiment where the contractor put a series of ridges in the road near a sharp bend. Shaking of the car alerted the driver.

A similar plan has been suggested for paving at the approaches to super-highway toll-houses where truck drivers occasionally fall asleep at the wheel.

By spacing the ridges some believe it would eventually be possible to induce some sort of special sounds similar to those greeting cards which actually "talk" when you run your fingernail along a narrow ribbon of steel on which lateral cuts have been made.

**MECHANIC JOE SPEAKING:**

"As aluminum again comes more importantly into the automotive picture (it was quite popular for blocks and heads years ago) we must remember to be careful handling it. This applies whether you are considering trim or doing a carbon cleaning job. Abrasive polishes should never be used on aluminum trim. And when working around an engine with aluminum parts be careful with tools. You can easily gouge it."

**HAVING THEIR TROUBLES**

Q. What would cause flat spots of wear to develop at the center of a tire's tread? This is on the left rear tire. K. F.

A. The left rear wheel has a grabby brake.

Q. Steering is a bit on the hard side, and I am disturbed by squealing when I turn the wheel. Steering connections are well lubricated. So is the steering gear. W. L. B.

A. This sounds like binding in the steering column.

Q. What can be done when the gas gauge fails? There is a sharp curve in the filler pipe for the tank so I can't poke a stick in it to get an idea of the fuel level. T. N. C.

A. Fill up the tank and keep track of the mileage on the odometer. You have a fair idea of your engine's fuel consumption.

Q. Will loose motor mounts affect gear shifting? C. McN.

A. Yes, if the shift lever is on the steering column rather than directly above the transmission. Movement of the engine in its flexible mounting may disturb the remote shift linkage. However, if you get this with the engine switch off, difficulty getting out of gear could be a sign of binding of the shift locks (detents).

Q. Is it possible for a defective shock absorber to cause front wheel shimmy or tramp? P. R. W.

A. Yes, at higher speeds.

Q. The automatic transmission of my car slips when I put it in Reverse? Does this indicate need for a band adjustment? J. McL.

A. This may simply call for a selector linkage adjustment.

Q. The engine of my car idles poorly in spite of trying a number of remedies. It acts like valve stickage. I have detergent oil in the engine so do not feel that I should put in an additive. D. H.

A. Why not change the oil so that the fresh detergents in the new oil can go to work on the valve stems and the rocker arms?

Q. There is an odd knocking noise in the engine. I also do not think it is running right, and there is some external water leakage around the head. E. J. H.

A. This looks like a warped cylinder head.

Q. What would cause backfiring when starting the engine? There is no valve stickage as compression is good in all cylinders. T. S.

A. I am suspicious of the distributor cap which may be dirty. Moisture then is apt to collect when the car stands overnight, inviting external "flashover" of high tension current.

Q. Is there an adjustment for the tone of the horns on my car? If so, where is it located? V. T. G.

A. An adjustment is provided. It's inside the horn cover.

## THE DRIVER'S SEAT

Women are stepping into the traffic safety picture with a vengeance! One women's organization, the National Federation of Business and Professional Women's Clubs, has just completed a national survey of traffic signs that has long been overdue and will provide information of value to all traffic safety groups.

As far back as 1925, safety experts were concerned about the confusion created by differences in traffic signs, signals and pavement markings in various states.

Drivers found entirely different signs in use when they drove in other states than their own. They meant exactly the opposite from what they meant at home.

A national Conference on Street and Highway Safety in 1925 drafted uniform motor vehicle rules intended for adoption throughout the country. Included in this code were standards for traffic signs, signals and markings throughout the country.

**UNIFORMITY ACHIEVED**

But the average motorist traveling from state to state doesn't need a safety expert to tell him that uniformity has not been achieved. However, until the Business and Professional Women began a national survey in 1958, nobody knew just how far various states had gone in adopting the suggestions of the Uniform Vehicle Code.

The BPW carefully surveyed traffic signs, signals and markings in all 50 states and Puerto Rico, comparing actual practices with the recommended ones. The survey took more than a year; results were coordinated and announced in March.

An impressive result they are. The women found that, after 35 years, there wasn't one state that had adopted all the recommendations of the Uniform Vehicle Code. The highest degree of conformity with the Code, 76 percent, was found in only three states. Twenty states had achieved uniformity above 65 percent, but the remaining 27 states were below 65 percent.

The women's survey not only showed where the most work was needed to stimulate conformity in geographical areas, but also pinpointed specific types of signs that could be improved. Participants in this survey indicated great concern over signs that warn of railroad crossings ahead. In many areas there were no signs at all; and where signs were present, their visibility at night often was almost nonexistent.

## SAYS BONUSES KILLING MAJOR LEAGUE BALL

PHILADELPHIA (AP) — General Manager John Quinn of the Philadelphia Phillies says major league baseball is committing suicide with payments of huge bonuses to youngsters fresh out of high school. As a solution, he suggests a free agent draft.

Quinn indicated the Phillies might sponsor legislation for such a draft when the major leagues hold their annual meetings late this month.

"The whole situation has gotten out of hand," Quinn said Monday. "We thought we had solved the problem with the rule that made any first-year player not brought up to the big league club eligible for the draft after his first season. But that obviously hasn't had any appreciable effect."

"The quicker we get around to adopting a draft such as pro football uses, the better it will be for baseball."

Under the draft system, names of all the outstanding major league prospects graduating from high school would be placed into a hopper and clubs would take turns selecting with the last place club in each league getting first pick. The other clubs would follow in reverse order according to their finish the season before.

The Phillies, who in past years have signed several bonus players, haven't done much this year in handing out huge sums of money.

Asked if this meant an economy move, Quinn said it didn't and explained: "We have been interested in most of the players that have been signed for big money this spring but our scouts didn't think they were worth what the other clubs did."

## SEC LOSES 3 BIG TACKLES TO PRO GRID PLAY

By VERNON BUTLER

ATLANTA, Ga. (AP) — A few more defections and Southeastern Conference football coaches will be hiring security guards to save what is left of their tackle prospects.

In rapid-fire order, three of the top tackles in the conference succumbed to books o the lure of playing for cash in the past week.

"I wish we could find a vaccine for this sort of thing," said an assistant coach at one of the SEC schools. "It could get to be an epidemic."

Ken Frost, rated Tennessee's most valuable lineman in 1960, ended his career when a driver runs his car into the side of a train that he failed to see, you can readily appreciate the value of just this one aspect of the Business and Professional Women's survey.

If following the lead given by the survey, railroad advance warning signs made of reflective materials that can be seen at night are installed before all railroad crossings, a significant reduction can be made in the number of auto-train collisions and many lives can be saved.

Traffic safety experts expect other beneficial results from the survey and all of them welcome the energy and dedication women have added to traffic safety activities.

## FORD HEIRESS MAKES DEBUT IN FAIRYLAND

By EVELYN AUGUST

GROSSE POINTE, Mich. (AP) — Auto heiress Anne Ford made her debut in a flower-bedecked fairyland—an 18th century rose-scented garden. A pavilion protected her 1,200 guests from a sudden summer downpour.

The scene for the 18-year-old blonde's \$280,000 coming-out party Monday night was the Lake St. Clair estate of her parents, Mr. and Mrs. Henry Ford II, in this exclusive Detroit suburb.

Guests stepped from chauffeured limousines, flashy new convertibles and sports cars and even some compact through the rain to a red-trimmed white carpet leading into the main hall of the Ford mansion.

**FOUNTAIN MEETS RAIN**

From there on they were in a fairyland. But for a time guests and gold-jacketed waiters dodged past rain-filled buckets and pans while the latter hastily mopped up water seeping through the turquoise roof of the white trellis.

who also designed an 18th century French chateau for the 1959 debut of Anne's post-deb sister, Charlotte, 20.

Anne, an image of her pretty blonde mother, wore a gown of white organza with a tussor weave. It featured a halter neck embroidered with three tiers of gold thread, pearls and turquoise. A large, pale turquoise sash accented the tight-fitted bodice, low back and full, slightly bell-shaped skirt.

All the decorations were designed by Jacques Frank of Paris.

## MOVIELAND IS SHOCKED BY STAR'S DEATH

HOLLYWOOD (AP)—Jeff Chandler had been gravely ill for weeks but Hollywood still found it difficult to believe today that the rugged movie hero was dead at the age of 42.

"We all thought he was getting better," said a close friend. "Just a few days ago he was griping. That's always a sure sign of recovery."

"I just can't believe it," said another friend, actor Tony Curtis.

### DIES SATURDAY

Chandler died Saturday of a generalized blood infection complicated by pneumonia. The complications developed after relatively minor surgery was performed May 13 to correct a slipped spinal disc.

Chandler suffered internal hemorrhages and infections following the surgery. He was given 35 pints of blood by transfusion during one emergency operation for a ruptured artery which lasted 7½ hours.

"But he got through that okay," said a friend. "All of us thought that anyone who could get through that operation could lick anything."

### OTHER COMPLICATIONS

But another hemorrhage and an infection further weakened him and his condition took a final turn for the worse Friday.

Funeral services for the 6-foot-4 actor were held Monday at Temple Isaiah, with private burial at Hillside Memorial Park.

Chandler injured his back early this spring while making "The

## Heart Attack Kills Judge B. J. Dzick

PHILADELPHIA (AP)—Benjamin J. Dzick, a judge for the Camden County (N. J.) Court, died Sunday night in Mercy-Douglass Hospital. He had been taken there after suffering a heart attack in his Camden home earlier in the day.

Judge Dzick, 51, was a member of the judiciary since 1950, when he was appointed to the Camden Municipal Court. He was elevated to the county court in 1956, and was serving a second term.

He is survived by his widow, a daughter, his father and two sisters. Funeral arrangements were not announced.

## TORNADO HITS TEXAS AREAS, INJURES FIVE

GALVESTON, Tex. (AP)—A tornado whirled from leaden skies during 10 inches of rain Sunday night, injuring five persons and destroying two units of a public housing project.

Elsewhere in Texas, floods from prolonged heavy rains drove several hundred people from their homes.

"It's a mess out there," a policeman said as he watched several ambulances stall in flooded streets.

Gas mains broke. Power lines snapped. Telephones went dead. But there was no fire. Nor was there a dollar estimate of damage from the tornado that hit hardest at the Island City Homes addition southwest of the business section of this port and resort city of 67,175.

All through south and central Texas, heavy rains were reported which sent rivers and creeks rampaging and contributed to 20 deaths over the weekend.

Fifty miles southwest of here and also on the Gulf of Mexico, another tornado touched at Freeport but did only slight damage. Other funnel clouds were sighted at Corpus Christi, Victoria and Robstown.

### PEOPLE FLEE

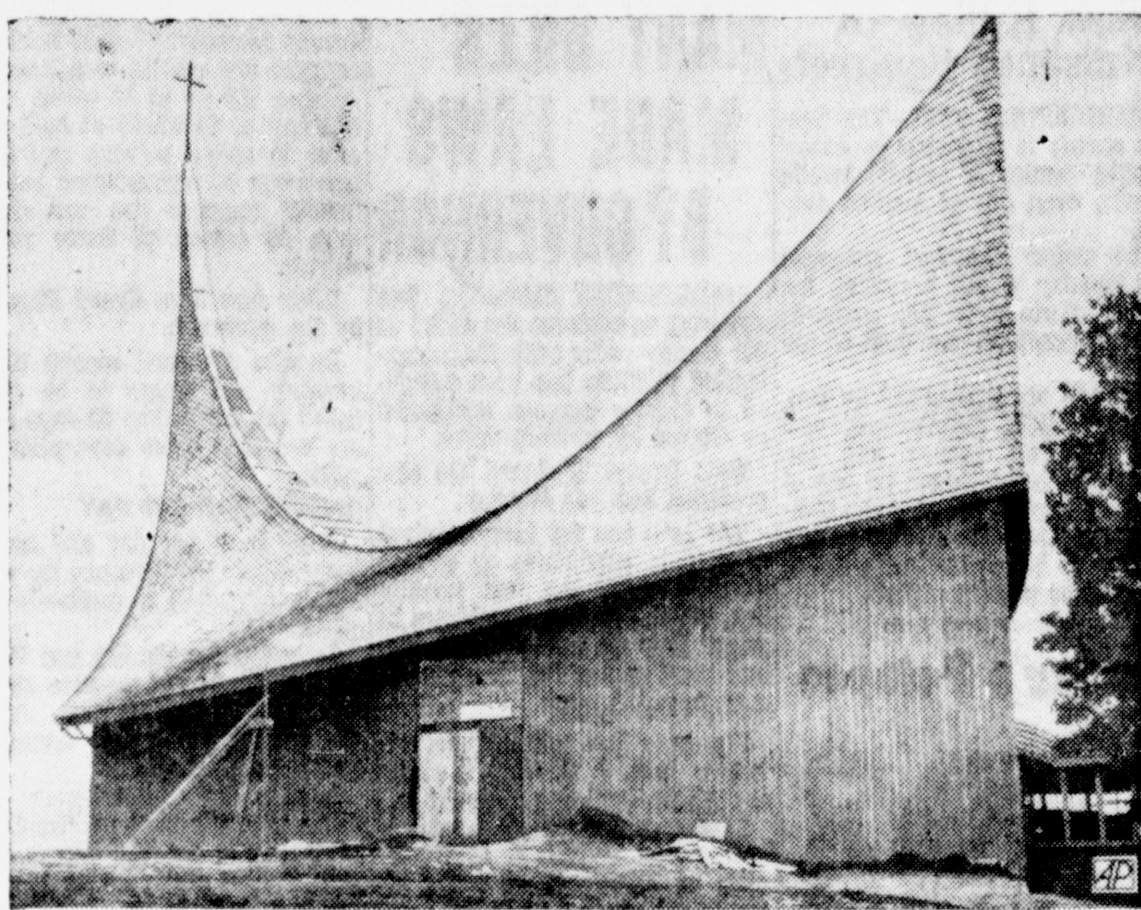

Inland at the Texas capital, 350 persons were forced from low lying homes at Austin before waters began receding after nine inches of rain. The Colorado River flowing through the city was controlled by a chain of lakes, but considerable flooding of low lands resulted downstream.

Blanca Herrera, 45, drowned when a flooded creek washed her car from a San Antonio bridge. Fifteen persons had formed a human chain in the rolling water to reach her stalled station wagon. She and six others were saved, but she returned to retrieve her coat and drowned.

Marauders in the Philippines. Rock Hudson who was in Universal's stock company with Chandler a decade ago, called Chandler "one of the most underrated actors in the movies—and besides that a great gentleman."

Chandler was divorced by the former Marjorie Hoshelle in 1959. They had two daughters, Jamie, 14, and Dana, 11.

## U. S. EXPERTS BUILD PLANTS IN MANY AREAS

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—It's rarely lumped in with foreign aid to developing countries. And it's an American export that is hard to fit into the statistics.

But U.S. firms with engineering and construction skills up for hire on a global scale are chalking up sizable earnings abroad. This, along with the exports to build and equip the plants, helps the United States in its struggle to balance its international payments.

Official statistics do show that U.S. engineering and building contractors drew net income of at least \$120 million on foreign jobs in 1960. But government experts on world trade concede that actual earnings might run several times that much.

**MILITARY PROJECTS**  
The statistics don't include military construction projects on which American firms work. And also, fees collected abroad on nonmilitary work often remain in the hands of foreign subsidiaries of U.S. engineers and builders.

Demand for services of these American firms still runs strong—in the already industrialized nations as well as in the more publicized underdeveloped ones.

The National Constructors Association, with 28 engineering and building contractors as members, reports they are working on some 200 foreign jobs, ranging from small electric utility substations to multimillion-dollar industrial complexes requiring several years to complete. These projects, it says, employ 500 Americans overseas, as well as 30,000 foreign workers.

**MANY EXAMPLES**  
Example: Stone & Webster Engineering Corp. of Boston says it often has staff engineers working in two-dozen lands in a single year. In 1960 its personnel rolled up 665,000 miles in foreign travel. It says its biggest customers by far are private foreign interests.

## Discouraged Chief Quits At Mayview

PITTSBURGH (AP)—Dr. John S. Solhaug, assistant superintendent at nearby Mayview State Hospital, says he will resign June 30 because Pennsylvania's mental health program faces a "bleak and dismal future."

In a statement Saturday, Dr. Solhaug said basic legislation dealing with the administration of mental hospitals and clinics needs a total overhaul.

Earlier Dr. Stephen D. Ward, senior clinical director at Mayview, announced plans to resign June 30 for the same reasons cited by Dr. Solhaug.

### 3 PROPERTIES SOLD

Three properties were sold at public sale Saturday afternoon by Charles Raymond Topper, New Oxford, as attorney-in-fact for Mary A. Wherley. The first tract, a dwelling and two acres of land in Two Taverns, was sold to Mr. and Mrs. Raymond D. Ketterman, Gettysburg R. 2, for \$3,500. A 30-acre tract along the Two Taverns-Barlow Rd. was bought by Irvin P. Conover, Gettysburg R. 1, and William R. Myers, Littlestown R. 2, for \$3,200, and a three-acre woodland off the same road was purchased by Robert Ditchburn, Gettysburg R. 4, for \$625. D. Edwin Benner was the auctioneer. Terms of the sale were announced by Attorney Donald G. Oyler.

The 553-mile New York State Thruway connects, via extensions, with the Pennsylvania Turnpike, the Connecticut Turnpike, the Garden State (N. J.) Parkway, the Massachusetts Turnpike and other major highways.

rather than governments. The Construction Industry International Committee, with some 60 members, estimates 17 leading U.S. contractors completed \$2.5 billion in construction jobs abroad in the last five years. It says \$1 billion worth of U.S. exports in the form of machinery, construction equipment and other supplies were generated by these projects.

The committee says the 22 largest American contractors now have 3,000 Americans on foreign jobs. Unestimated thousands of others are laboring here at home to supply these projects.

## IKEDA LEAVES FOR KENNEDY ASIAN CONFAB

TOKYO (AP)—Prime Minister Hayato Ikeda left for Washington Monday for a "frank exchange of opinions" with President Kennedy on grave problems in the Far East.

Ikeda's departure came a year to the day after cancellation of President Eisenhower's visit to Japan. The prime minister's leaving was in sharp contrast to the violence that erupted last year in protest against the revision of the Japan-U.S. security treaty.

Several thousand supporters cheered Ikeda at the airport. Leftwingers who demonstrated Saturday against the trip did not turn out Monday, but 2,000 police guarded the prime minister's route from his residence.

**WILL MEET KENNEDY**  
Ikeda is scheduled to confer with Kennedy today through Thursday. He will return home via Canada for talks with Prime Minister John Diefenbaker.

Foreign Minister Zentaro Kosaka, who accompanied Ikeda, said the trip would be a great success "if we can convince the United States that it is not making a mistake if it trusts Japan, which has such a good outlook on the Asian situation."

"I do not intend to point out that the United States has spent huge sums of money but has not had good results," Kosaka said. "I intend to suggest that certain other ways might be better."

**TALK AGENDA**  
Such prickly issues as relations with Communist China, Japanese rights in Okinawa, aid for underdeveloped Southeast Asian nations, the security treaty and Communist threats to Laos and South Viet Nam are almost certain to be discussed in Washington.

Japan recognizes Nationalist China, but Ikeda advocates more trade ties with Red China without giving formal recognition.

Ikeda faces growing pressure at home for stepped up economic and cultural dealings with Communist China. Japan's economic and military dependence on the United States compels it to keep generally in line with Washington on policy towards Peiping.

Some think the prime minister also will ask Kennedy to hand over to Japan administrative control of Okinawa, the chief U.S. military base in the Far East. The U.S. government takes a dim view of that idea.

# Littlestown HOLD ANNUAL PICNIC FOR FOUNDRYMEN

The annual picnic for employees of the Littlestown Hardware and Foundry Company, Inc., and their families was held on Saturday in the grove of Christ United Church of Christ, near town. Approximately 700 persons were in attendance. Fried chicken and other picnic style refreshments were served by the women of Christ Church.

Bingo was enjoyed and other group games. There were pony rides for the children. Door prizes were received by Mrs. Fred Breighner, Calvin M. Sentz Jr., Addison Stair, James W. Fager, Mahlon Bucher and Mervin Weaver. The committee in charge of arrangements for the affair included Reed Milburn, chairman; Harold Krichen, vice chairman; Edward Six, John Stuller, Charles Sentz, Roby Price, Robert McSherry and Thomas Gouker.

A special Father's Day program was presented in the Adult Department of the Sunday School of St. John's Lutheran Church on Sunday morning. The Loyal Followers Class, taught by Lloyd L. Staveland, was in charge. Herman Grimley was devotion leader; a solo, "The Lord's Prayer," was sung by Gary Strevig, accompanied by Mrs. Roland W. Strevig; a film entitled "Rich Young Ruler" was shown.

**100 AT DAY CAMP**

Approximately 100 Girl Scouts and Brownies from Littlestown are attending day camp this week at Camp Happy Valley, near Fairfield. Leaders assisting with the camp activities are Mrs. Charles E. Ritter, neighborhood chairman;

Mrs. William T. Gingrow, Mrs. James H. Spalding, Mrs. George Schaefer, Mrs. John H. Flickinger, and Scouts helping as aides include Sally Busbey, Anna Louise Krichen, Nancy Harner, Carolyn Kump, Peggy Altoff, Carol Flickinger, Barbara Muller, Linda Keefe, Judy Knight and Linda Smith. The girls, by troops, will camp overnight and have cook-outs.

The Boy Scouts of Troop 84 will go to the camp site at Natural Dam Wednesday evening to do some cleaning in preparation for the week of camping over July 4. The boys will leave at 6 p.m. from the community center. A swimming party will follow the cleaning session.

Mrs. Susan Ohler and Mrs. Vivian Weaver will serve as hostesses at the semi-monthly meeting of the Ladies' Auxiliary of the Fraternal Order of Eagles, Littlestown Aerie No. 2226 at 8 p.m. on Wednesday in the social room of the FOE home, W. King St.

**ENLISTS IN AIR FORCE**

Mr. and Mrs. Robert L. Scholl and children, Gary, Melinda and Todd, Ridley Park, spent the past several days visiting with their parents, Mr. and Mrs. Harry D. Scholl, S. Queen St., and her parents, Mr. and Mrs. Theron Spangler, Patrick Ave.

Richard Mackley, son of Mr. and Mrs. Wilbur E. Mackley, E. King St.; George Collins, son of Mrs. George G. Collins, Prince St., and Dennis Snyder, son of Mr. and Mrs. Roy Snyder, near town, enlisted in the United States Air Force and left Monday to begin basic training at Lackland Base, Texas. The recruits, 1961 graduates of Littlestown High School, will each serve for a four-year tour of duty.

Mr. and Mrs. Alfred Hermann, Wilkes-Barre, have returned home after spending some time with his brother, Carl F. Hermann, S. Queen St.

# CIVIL SERVICE BOARD HEARS ABOUT FIRING

**PITTSBURGH (AP)**—A former state employee says he lost his \$380-a-month job because he refused to buy tickets for a Lawrence County Democratic party dinner.

Michael C. Palmer, New Castle R. 5, made the statement at a Civil Service Commission hearing Monday on his dismissal as an auditor in the New Castle wage tax office.

The state contends Palmer was fired because he continued as a Democratic committeeman in New Wilmington Twp. in violation of a civil service regulation forbidding political activity.

**ASKED TO BUY**

Palmer said he had resigned the committeeman post. He maintained his dismissal stemmed from refusal to purchase eight tickets at \$10 apiece for the annual party dinner.

He said Ralph Audino, Lawrence County Democratic chairman, tried to force him to buy the tickets last February.

Audino denied the accusation. He said in a phone conversation from his New Castle home Monday night, "We have an annual dinner in Lawrence County, and all persons having jobs with the state, the county and the city, as well as private citizens, are asked to buy tickets. But no one ever is under any obligation to buy them."

**NEVER BOUGHT TICKET**

George B. Andrews, Palmer's supervisor and a state witness at the hearing, testified he was forced to buy tickets.

Audino asserted, "Mr. Andrews has never bought a ticket to a dinner."

A state law forbids forcing government employees to make political contributions under threat of job loss. Such a practice is known as macing.

Dr. Elmer D. Graper, chairman of the Civil Service Commission, presided at the hearing. He said a decision will be made after review of the testimony, which may take six weeks or longer.

Medical Secretary's School. Her parents, Mr. and Mrs. Noah M. Strevig, and children, Susan, Edward and James, W. King St. Ext'd., and Ronald Feaser, near town, accompanied her to Hagerstown on Sunday.

# Allow Killing Of Nuisance Squirrels

**HARRISBURG (AP)**—The Senate agrees it is proper to exterminate squirrels which invade homes, even out of hunting season.

The upper chamber approved 500 Monday a bill providing for special permits to kill squirrels in such cases. It now goes to the House.

The bill was sponsored by Sen. Clarence Bell, R-Delaware, who said squirrels moved into the walls of a home owned by one of his constituents. He said the owner moved out after exterminators refused to kill the animals out of the regular hunting season.

# MANY BILLS MADE LAWS BY GOVERNOR

**HARRISBURG (AP)**—The law requiring candidates for office to file loyalty oaths with their nominating petitions has been extended to include persons nominated or elected by write-in votes.

**Gov. Lawrence** signed the new provision into law Monday.

The oath had not been required of write-in candidates or elected officials under the 1951 Loyalty Act, which requires candidates to swear they do not advocate violent overthrow of the government.

**RECIPROCAL ACT**

The new law will become effective Sept. 1, making it apply to the Nov. 7 municipal elections.

Lawrence also signed a law allowing Pennsylvania to send convicts to certain other states to testify in criminal proceedings.

The reciprocal act was proposed by the National Council of State Governments to aid administration of justice, the governor's office said in a statement.

The states of Arkansas, Idaho, New Hampshire, Wisconsin and New York have passed similar laws.

Another new law provides that faculty members of state teachers colleges are entitled to a leave of absence for up to 18 weeks with full pay or 36 weeks at half pay after 10 years' service, and that leave can be accumulated but no faculty member can use more than 36 weeks of leave at a stretch.

Other new laws signed Monday by the governor:

**HIGHER WITNESS PAY**

Raise to \$5 per day and seven cents a mile the expenses for witnesses attending a coroner's inquest.

Authorize the Forests and Waters Department to acquire some five acres in Milford Twp., Juniata County, for a new administrative building site.

Provide for reinstatement of Pittsburgh policemen on disability pension if a medical board determines the disability no longer qualifies for pension.

Exempt from property taxes all land used for limited access highways and maintained by public funds, in fourth to eighth class counties.

**MORE EXPENSE**

Increase from \$20 to \$25 per day the expense allowance for delegates from second class townships

# OPPOSED TO LONG TRAILERS

**HARRISBURG (AP)**—Park H. Martin, state secretary of highways, says his department does not like a proposed increase in the permissible length of trailers from 35 to 40 feet "as a matter of

to the annual meeting of the State Association of Township Supervisors.

Require employers to pay for medical examinations of their employees if they require such an examination as a condition of employment.

Permit second class townships to appropriate money to buy fire engines and fire apparatus, and to levy up to two mills in taxes if necessary to build a new fire house.

Limit the number of beer licenses in any area.

Exempt the state airports at Philadelphia and Harrisburg-York from liquor license quotas.

safety."

Martin said Monday, "there are city streets on some of the routes and on some of the older highways you can't accommodate these large trucks on turns."

A few trailer manufacturers have threatened to close their plants and move out of the state if the legislature doesn't act to raise the length.

Gov. Lawrence has scheduled a meeting this Wednesday with a delegation from the State Chamber of Commerce to discuss the controversy.

There are bills in both the House and Senate that would raise the legal length to 40 feet, but so far they have not been approved by the committees.

Advocates of the longer trailers claim it would allow them to carry more cargo without exceeding legal weight limits, putting them in a more favorable competitive situation.

ADVERTISE IN THE TIMES

forecast for **ENERGY**

**Soaring production will double demand for industrial energy by 1980**

How rapidly is America's industrial output expanding? Here are some clues: From 1950 to 1959, output of petrochemicals increased 216%; plastics, 173%; aluminum, 140%. Total output of business and industrial equipment has virtually doubled. Production and processing of all these requires heat and heat is energy. This is just part of the reason why America's consumption of energy will double by 1980.

Where will it come from? Much will come from present energy sources, some from new ones. Wherever produced, a large share of energy in its most efficient and usable forms will be transported via pipelines. Texas Eastern's natural gas pipelines, which stretch from the Mexican border to the Atlantic Seaboard, have capacity to fuel thousands of factories and heat millions of homes. . . . Our Little Big Inch pipeline system, largest of its kind, delivers liquid petroleum products from Gulf Coast refineries to Midwest markets. Looking to the future, Texas Eastern is growing and diversifying today to meet tomorrow's energy needs.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is the look that started with Thunderbird—sleek the Galaxie—and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction—as originals always do.

Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automatically. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

**SWAP** right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

**SAVE** with the Ford that makes saving fun!

# GOVERNOR'S TAX PLAN IS UNACCEPTABLE TO ANDREWS

HARRISBURG (AP) — House Speaker H. G. Andrews said today he finds Gov. Lawrence's proposal for a tax on intangible personal property completely unacceptable.

"In my opinion that is class legislation," the Democratic leader said in an interview. "If you're going to tax income, then tax everybody's income."

Lawrence proposed the tax a week ago to raise \$27.5 million for state aid to education in the current 1961-62 fiscal year.

Legislation to enact the levy was being prepared for possible introduction in the House today.

The House, which had the day off Monday because there weren't enough hotel rooms available, returns later for a three-day work week.

The Senate met Monday and also was to meet later today.

Meanwhile, the special House and Senate committees on education were planning a joint meeting tonight after the sessions to discuss the several proposals on education awaiting legislative action, including the recommendations from Gov. Lawrence's Committee on Education.

From all indications, tonight's meeting is to be a definitive one

## Former Actress Breaks Leg Bone

HOLLYWOOD (AP) — Former actress Marion Davies, under treatment in Cedars of Lebanon Hospital for osteomyelitis of the jaw, slipped and fractured a small bone in her left leg, her physician said Monday.

The doctor, who asked that his name not be used, said the accident happened Sunday when Miss Davies, 61, got out of bed.

Miss Davies was hospitalized early this month with a recurrence of the illness that troubled her earlier this year. Her physician said she is progressing steadily.

## Janitor's Son Gets Mail Clerk Position

HOLLYWOOD (AP)—A son of the janitor who returned \$240,000 that fell from an armored car has a new job as mail clerk in the Allied Artists Studio.

Richard Johnson, 17, hired Monday, considers the \$72.50 a week job an important step in his quest for an acting career.

The youth's father, Douglas W. Johnson, got a \$10,000 reward for finding and returning the money lost from a Brink's Inc. truck March 10. At the time, the studio promised Richard a job.

JACKSONVILLE, Fla. (AP) — The aircraft carrier Shangri-la has returned to port after what the Navy called routine operations off the Florida coast.

The big carrier made a surprise departure from nearby Mayport early this month shortly after the slaying of dictator Rafael Trujillo in the Dominican Republic.

on an educational program from this session.

The eight House members and six senators—eventually split politically—are to try to reach a decision on the governor's tax proposals and on such controversial recommendations from the governor's committee as compulsory reorganization of school districts.

Senate Majority Leader Charles R. Weiner said Monday he thought the legislature would wind up its business in three weeks.

There are many legislators who think such a deadline is impossible of realization if the legislature is going to do anything constructive for the state's lower schools and colleges.

Other legislative developments: **Constitutional**—The Senate completed legislative action on a proposed constitutional amendment permitting county treasurers to serve back-to-back terms. The proposal, approved by the 1959 legislature, will go on the ballot in the November election for a final decision by the voters.

**Civil Service**—A plan to give legislative Civil Service protection to some 2,000 engineering and technical employees of the State Highways Department was approved 33-12 and sent to the House for further action.

**Buses**—A bill to provide a flat \$16 registration fee for all buses was approved 49-1 and sent to Gov. Lawrence for consideration. It is designed to lift some of the financial burden from transportation firms caught in an economic squeeze from rising costs and declining patronage.

**Area Redevelopment**—State participation in the federal area redevelopment plan to aid distressed communities was authorized by the Senate 84-2 and sent to the governor, who is expected to give it quick approval.

Dr. David K. Rice (right) of Warren, receives gavel from Dr. Richard C. Guise, Harrisburg, during ceremonies installing Dr. Rice as president of the Pennsylvania Veterinary Medical Association. Dr. Guise is formerly of Arendtsville. He is a brother of Mrs. Arnold Orner of Biglerville and a son of the late Mr. and Mrs. Crist Guise of Arendtsville.

## TV FARE IS DETERMINED BY RATINGS

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—TV's critics are complaining about the overabundance of action-adventure programs and the paucity of educational, cultural and high-level dramatic shows. But so far during the current Senate hearings on television programming there has been silence about the reason such programs illuminate—if that's the word—the home screens so much of the time.

The reason is usually contained in three letters: CPM, which is broadcasting shorthand for "cost per thousand" (the M, of course, is the Roman numeral for thousand).

### IT'S A BUSINESS

Television is, first and foremost, a commercial medium. Advertisers pay millions of dollars a year to sponsor entertainment programs in exchange for the privilege of broad-casting their sales talk at frequent intervals. The only reason most advertisers invest this money is to reach as many potential buyers as possible.

Let us presume that the manufacturer of an inexpensive product used by consumers in all income brackets—soap, a headache remedy or a brand of cigarettes—decides to spend \$100,000 on a single program. If that program reaches an audience of 20 million people, it will cost the advertiser \$5 to reach every 1,000 people. If, on the other hand, the program is tuned in by only half that number the CPM zooms to an expensive \$10.

The only way the advertiser can determine the size of the show's audience is from the educated guesses of one or another of the ratings services. That is the reason why a program's rating is watched so closely. The minute it starts to drop, it means that the sponsor's CPM is going up in proportion.

### AUDIENCE TOO SMALL

The high incidence of action-fights, gun-play, mayhem and murder—on television is largely the result of action's proven ability to attract large audiences. The reason so many of the so-called "good programs"—including "Playhouse 90" and other cherished dramatic programs—have quietly dried up and blown away is because they cost so much and the audience size was so small that advertisers were unwilling to pick up the tab.

### TRYOUTS ON "TODAY"

NBC will try out for Dave Garroway's place on the "Today" show three more members of its news staff: Edwin Newman, Ray Scherer and Sander Vanocur, one week at a time.

Sherman Adams, former assistant to President Eisenhower, will be the guest of the show Wednesday morning—the first time the ex-governor of New Hampshire has been seen or heard by the nation since he resigned in the wake of the Bernard Goldfine affair.

Recommended tonight: "JFK—Special Report," NBC, 10-11 (ET) another in a continuing series, highlighted by an interview with Atty. Gen. Robert Kennedy.

PHILADELPHIA (AP)—Former President Herbert Hoover will receive Philadelphia's first President's Freedom Award on June 27 during Freedom Week observances.

## Vetoes Vacation Bill For Police

HARRISBURG (AP)—Gov. Lawrence's first veto of the 1961 legislative session has disapproved a House bill to provide longer vacations for policemen in third class cities.

The governor said Monday the bill was "an unnecessary interference with the principle of home rule."

It would have changed the present provision that third class cities' policemen get 14 days' vacation annually, to give the members of those police departments with over one year's service 14 working days' vacation a year.

## Senate Approves Federal Aid Plan

HARRISBURG (AP)—Gov. Lawrence is expected to give speedy approval to a bill implementing Pennsylvania's participation in the new Federal Area Redevelopment Act.

The Senate Monday cleared the bill out of the legislature, approving it 48-2.

It would authorize the Commerce Department and the Pennsylvania Industrial Development Authority (PIDA) to join with any federal agency providing assistance to combat unemployment in distressed areas.

Also approved, by a vote of 47-3, was a measure to permit PIDA to aid communities in purchasing land for industrial parks.

Steinhilber made the comment in an interview Monday at the opening of the institute's 51st annual convention. Some 500 persons are attending the three-day meeting.
